

Dear Parent(s),

The question "Where do I come from?" is the basis of this term's work. Christians believe that God the Father is Creator and source of all life and because everything and everyone created comes from God then all life must be revered and respected.

As schools return for the Autumn term, the church's year is moving towards its completion. Before Advent, which is the start of the new church's year, we especially celebrate the Communion of Saints throughout the month of November.

The topics to be studied this term are: **Babies**, **Initiation** and **Gifts**. These help us to deepen our understanding of giftedness, belonging and loving within creation.

BABIES

(4th September – 6th October)

In this topic we focus on the joy that babies bring into the lives of their parents and families. We also wonder at the mystery of each new life that has been created by God in his image and likeness and is loved and cared for by Him like a parent. The children are encouraged to understand the ways in which they show respect for the dignity of the people in their lives at home, in school and in their neighbourhood.
